

## 2<sup>nd</sup> Runner-up

5E Lee Chin Lok

### My Dream School Campus

If I can design a school campus, I will build more facilities.

I will build a playground, so we can play there. I will build a roller-skating rink because I like roller-skating. I will also build a swimming pool, so we can do more exercise there. At last, I will build a canteen so that we can buy our lunch there. It **would help** us keep ourselves healthier.

It would be wonderful if I **could build** all these facilities in my school campus.

This is my dream .....
