

2nd Runner-up

6F Sung Hoi Lin

My Favourite Teacher

There are many good teachers in our school. Among them, I want to talk about Miss Lee, my P4 class teacher. She **wore** a pair of glasses. She **was** very kind and patient to students.

In Primary 4, I was a new student in Class 4D. Miss Lee **e** was the first teacher I met at this school. She told me some rules of the school patiently. She was also very hardworking. She always corrected **our** homework until midnight. That **touched me very much**. Sometimes, when we had problems or we felt sad, **she encouraged** us and taught us how to overcome them. Also, when she had something good, she would give it to us first. **I have** never seen such a good teacher like her.

Although Miss Lee has left the school, **I still remember what she told** us. I promise to study hard to **thank her for her teaching**. **I hope** I will meet her one day because I really miss her.

Miss Lee, my favourite teacher.
