A Letter to our Headteacher, Mr. Fung

Dear Mr. Fung,

I would like to thank you for letting me study in this wonderful school. When I recall my first school day at Wong Yee Jar Jat, it was like a whole new chapter. Hong Kong was very different from America because of the language and cultural barriers. I made a lot of mistakes at the beginning. Fortunately, I had Miss Ng and other great teachers, who are enthusiastic about helping students with difficulties, to stand by me. Besides, there were also varieties of activities and training which have broadened my views as well as knowledge. This happy school life is the best medicine for my homesickness. That's why I can tell you that I am the luckiest guy to be your student. With all of you, I will never be left behind! I will keep on to requite all the teachers' efforts.

Yours truly,

Jonathon Tu
